200 W 20 L/H

140 W 14 L/H

Key Features of the Range

Enjoy some of the many distinctive features which optimise both efficiency and user experience.

Instant Boiling Water

Cool Touch Tap

Safety Lock

360° Swivel Tap

LED Status Ring

Made in the UK

Standing Losses 17 W

One of the most energy efficient boiling water taps available. Innovative aerogel insulation around the boiling water tank keeps energy losses to a minimum. The Zen Tap Range with 3 litre boiling water tank has standing losses of 17 W (0.41 kWh/day) and 20 W (0.50 kWh/day) for the 6 litre model.

Smart, Energy Saving Technology

No need for a programmable timer as smart technology optimises power usage. Sophisticated electronic algorithms learn and predict boiling water usage so the unit is on when you need it and off when you don't.

This improves energy efficiency. No time is wasted programming or reprogramming a timer as algorithms are constantly updating if your usage pattern changes.

Status Ring

A status ring on the base of the tap indicates ready or heating (green/ red LED). It also indicates when the unit is in sleep mode.

Stainless Steel Boiling Water Tank

The boiling water tank is high quality grade 316L stainless steel and is available in 3 or 6 litre capacity.

Safety Features

Safety lock mechanism on the boiling side and cool touch insulated tap.

Designed and Assembled in the UK

At our manufacturing facility in West Yorkshire.

Warranty

The full Zen range is covered by a 2 year parts or replacement warranty.

Zen Range Overview

Zen Solo

Boiling Water Tap

Instant Boiling Water

p.10

Dedicated instant boiling water.

See full details on page 14.

See full details on page 28.

Zen Tap Finishes

Explore the stylish Zen range to discover your perfect water solution. Our range comprises three elegant finishes which will enhance and compliment a wide spectrum of kitchen design concepts.

Polished
Chrome

Brushed
Nickel

Black

Polished Chrome

Polished chrome remains a popular, durable and versatile choice that will effortlessly compliment both new and existing hardware. This high shine, stylish finish will accentuate your space and provide a classic and timeless luxury feel.

Brushed Nickel (- BN)

For an effortlessly premium aesthetic which lends itself perfectly to a variety of designs, brushed nickel is the ideal solution. This organic and understated finish is a perfect addition that will subtly compliment your design.

Black (- BK)

The ultimate in sophistication and simplicity. A crisp, fresh finish which offers a versatile canvas on which you can experiment with design and concept.

Product code suffix for non standard finishes shown in brackets.
